15 and 16 Dec;
9:30 am - 4:45
pm

Venue: F4LG06

Workshop: Language and Literacy Research in a Multilingual Context

Programme:

Research presentations

- **The complexities of acquiring literacy skills in English** (Associate Professor Daisy Powell, Institute of Education, University of Reading, UK)
- **Word recognition in the Malay language** (Prof Lee Lay Wah, School of Educational Studies, Universiti Sains Malaysia)
- **Identification of bilingual children at-risk for language and learning difficulties** (Associate Professor Susan J. Rickard Liow and Dr Mary Lee Lay Choo, National University of Singapore)
- **Cross-language transfer of early literacy skills in Malay and English speaking children** (Dr Wong Tze Peng, School of Education, University of Nottingham Malaysia)
- **Appraising children's receptive and expressive, written and oral language skills in Malay** (Dr Beth O'Brien, Education and Cognitive Development Lab, National Institute of Education, Singapore)
- **Literacy and language abilities of Malay children with dyslexia** (Associate Professor Rogayah A Razak, Faculty of Health Sciences, Universiti Kebangsaan Malaysia)
- **Early vocabulary assessment of young Malaysian children with the MacArthur-Bates Communicative Development Inventories** (Dr Low Hui Min, School of Educational Studies, Universiti Sains Malaysia)
- **Processing of Grammatical Morphemes: Evidence for Morphological Decomposition?** (Associate Professor Yap Ngee Thai, Faculty of Modern Languages and Communication, Universiti Putra Malaysia)
- **How language experience can affect word learning ability** (Eleanor Luckcock, University of Reading Malaysia)
- **Spoken English Discrimination (SED) training and speech production in multilingual Malaysian speakers** (Dr Jessica M. Price, School of Psychology, University of Nottingham Malaysia)

Research workshops (by Dr Daisy Powell)

- Standardised tests of reading and reading-related skills
- Introduction to quantitative methods
- Experimental design and intervention studies
- Experimental design 2: Statistical power and sample size considerations

This workshop was funded by a Newton-Ungku Omar Mobility Fund through British Academy and Academy Sciences of Malaysia, awarded to Dr Wong Tze Peng and Associate Professor Daisy Powell.
