

Contensis Web Admin Master List

Please contact the following Contensis Web Admins (Editors) as the first point of contact for any required changes on your website. Corporate Marketing's role is to assist in conducting technical training to appointed web admins to maintain websites as well as consulting if required. We also approve submitted web pages unless the department specifically specifies that they are taking on the Approval role.

Website content accuracy and appointments or removals (change of roles or employment status with UNMC) of Web Admins is the responsibility of the respective faculties and department heads. Please contact [Susan Lim](#) for any changes in the Contensis Web Admin Master list.
