

JOB DESCRIPTION

Job Title:	Assistant/Associate Professor in Entrepreneurship in Innovation
School/Department:	Nottingham University Business School
Job Family and Level:	Academic – Level 5/Level 6
Contract Status:	Depending on the candidate selected
Location:	University of Nottingham Malaysia Campus
Reporting to:	Head of School
Purpose of role/scope:	<p>As an Assistant/Associate Professor in the Nottingham University Business School Malaysia, you will be responsible for delivering an outstanding teaching and learning experience for students at undergraduate and postgraduate level.</p> <p>You will build on your emerging track record to pursue a programme of high-quality research and/or lead industry engagement, meeting or exceeding the requirements of our external accrediting bodies. You will contribute to the development of the School, Faculty and/or University by undertaking administrative roles as required.</p>

Academic expertise:

You should demonstrate expertise in the following specialist areas:

- **Entrepreneurship and innovation**

Specific duties include, but are not limited to:

Education and student experience

- 1) Deliver high quality, research-informed teaching to students at undergraduate and postgraduate levels.
- 2) Contribute effectively to professional and executive education delivered with and for industry and government partners.
- 3) Continually improve the curriculum and teaching and learning methods to ensure they are aligned with changing industry requirements and graduate destinations in the ASEAN region, and beyond.
- 4) Provide pastoral and academic support to students.
- 5) Supervise student projects including doctoral supervision.
- 6) Actively pursue opportunities to enhance your teaching practice through continuous professional development.

Research and knowledge exchange (RKE)

- 7) Produce outstanding and internationally significant research outputs in line with your research plan, meeting or exceeding cyclical external accreditation body requirements.
- 8) Pursue external funding to support research activities.
- 9) Identify and pursue opportunities to disseminate research at a national and international level.

- 10) Identify and pursue opportunities to strengthen the impact of research through external engagement and knowledge exchange.
- 11) Supervise research assistants and doctoral students as required.

Global engagement

- 12) Work proactively with your counterparts in the UK and China to enhance tri-campus opportunities for student learning and collaborative research and knowledge exchange.
- 13) Contribute to offshore and international partnership education as required.

Citizenship and administration

- 14) Contribute to an ambitious, inclusive, and engaged culture that embodies the University's values.
- 15) Fulfil administrative responsibilities at a modular, course, School, Faculty and/or University level.
- 16) Participate in the annual appraisal process, aligning your individual objectives to University KPIs and your career development goals.
