

# Information for Master of Pharmacy (Honours) Applicants on Fitness to Practise

All providers of courses that are accredited by the General Pharmaceutical Council (UK) are required to make applicants aware of 'Fitness to Practise' at the time of their application. We hope you find this document helpful and informative.

## Standards for Pharmacy Professionals

Pharmacy is one of the registered healthcare professions and carries both privileges and responsibilities. Students are expected to conduct themselves professionally at all times. The Standards for Pharmacy Professionals apply to all Pharmacy students from the first day of the course to the day of graduation, and applies both on and off campus.

Pharmacy professionals must:

1. Provide person-centred care
2. Work in partnership with others
3. Communicate effectively
4. Maintain, develop and use their professional knowledge and skills
5. Use professional judgement
6. Behave in a professional manner
7. Respect and maintain the person's confidentiality and privacy
8. Speaks up when they have concerns or when things go wrong
9. Demonstrate leadership

The standards can be viewed in full at the following and is recommended for further reading:

## Fitness to Practise Procedures

The School has fitness to practise procedures in place for Pharmacy students and you will be given more information about these when you join the course. If you do not abide by the Code of Conduct, or if we have concerns about your health or behaviour you may be subject to those procedures. Possible outcomes of Fitness to Practise Hearings include:

- No warning or sanction
- A warning as there is evidence of misconduct, but fitness to practise is not impaired to a point requiring a sanction
- Fitness to practise is judged to be impaired and the student receives a sanction. Sanctions can range from:
  - Conditions or undertakings
  - Suspension from the course
  - Expulsion from the course

The School is required to inform the accrediting body of any sanctions it imposes. You should therefore note that your fitness to practise before or during your period of study may impair your eligibility to register and to practise as a pharmacist.

We encourage students to discuss any problems or concerns with us as soon as possible, so that we can support and advise you appropriately.

## Police Checks

All new Pharmacy students will be required under the Code of Conduct to have a police check, or equivalent. International applicants who have already been resident in the United Kingdom for two or more years will be required to apply for an Enhanced Criminal Records Bureau Disclosure in the UK.

When you register we will require you to submit documents which show evidence of Good Conduct and Character. For Malaysian citizens this will require you obtaining a Certificate of Good Conduct from the Ministry of Foreign Affairs in Putrajaya. Log on to <http://www.kln.gov.my>, go to 'e-Consular' for 'Letter of Good Conduct' for more information.

Students who are **not** resident in Malaysia will also be required to produce a Certificate of Good Conduct and Character which **must** be translated into English by a certified translator. This must either be sent to the School prior to the commencement of term or available on the first day of term. We recommend that this certificate is obtained from the Foreign Affairs Department (or equivalent) or police station in the country you are resident.

## Health Questionnaire

A Health Questionnaire will be sent to you in August, and you will need to submit it to us at time of registration. Any information you provide will be treated in the strictest confidence. We guarantee that any information you provide will be destroyed if you do not take up your place here at the University of Nottingham Malaysia.

## Hepatitis B Immunisation

Upon registration, you will be asked to provide proof of Hepatitis B vaccination record to fulfil the requirement stipulated by the Ministry of Health for all students (locals and foreigners) undergoing placements and visits to General Hospitals in Malaysia. Hep B baby jab records are acceptable. If you are unable to receive Hep B vaccination due to medical/other reasons, please let us know.
