**Achieve it**

# Welcome to the world of Nottingham

## Access to a world-class UK education

Our degrees are honours degrees and taught in English. All students graduate with the same degree and the same certificate, regardless of which campus they study at. Our degrees are accredited by international professional bodies such as the Association of MBAs, EQUIS, the Royal Pharmaceutical Society in Great Britain and the UK Engineering Council.

Top  
**100**  
universities  
worldwide

QS World University Rankings 2018

## Worldwide study abroad opportunities

There's a wealth of opportunities at our campuses in China, UK and partner universities across the globe

**5** Star  
rating in  
SETARA 2017

About  
**5,000**  
students from  
85 countries  
study at Malaysia  
Campus

Over  
**270,000**  
alumni from across  
the globe

Alumni from our UK, China and Malaysia Campuses

## Nobel prize-winning academics

University of Nottingham academics have won Nobel Prizes twice since 2003

**2**  
international  
campuses  
in China  
and the UK

**Renowned for our commitment to teaching and learning, we are in the top 100 of universities internationally.\* Recognised globally for teaching excellence, acclaimed for our life-changing research and home to students from all over the world, University of Nottingham is an inspiring place to study and work.**

In 2000 we became the first British university to set up a campus both outside of the UK and in Malaysia, earning University of Nottingham the Queen's Award for Enterprise 2001 and the Queen's Award for Industry (International Trade) 2006.

Since opening, Nottingham Malaysia has welcomed students from across the globe and gained a reputation for world-class research and teaching in arts, engineering, science and social science.

## Professional accreditation

Most of our courses are accredited by professional bodies within the profession itself to ensure the course meets valuable industry standards.

- Board of Engineers Malaysia (BEM)
- Institution of Mechanical Engineers (IMechE)
- Institution of Chemical Engineers (IChemE)
- Institution of Engineering and Technology (IET)
- Institution of Engineering Designers (IED)
- Joint Board of Moderators (Civil Engineering)

<b>Diploma - Other Institutions</b>	Acceptance to the second year is on a case by case basis (and at the discretion of the School) but normally would require an overall GPA of 3.0 (out of 4) or 70% and above (consideration to be made based on relevant subjects), and previous studies must meet the prerequisite requirements to the programme.	MUET: Band 5  UEC: grade A2
<b>Foundation - Other Institutions</b>	Acceptance is at the discretion of the School but normally would require an overall GPA of 3.0 (out of 4) or 70% and above (consideration to be made based on relevant subjects), and previous studies must meet the prerequisite requirements to the programme.	IB English A1 or A2 (Standard or Higher Level): 4 points  IB English B (Higher Level): 4 points
<b>University of Nottingham Malaysia Foundation</b>	Successful completion of any foundation programme with no failed modules and meeting mathematics requirements.	IB English B (Standard Level): 5 points

In addition to the entry requirements listed above, those who have taken SPM/ GCSE/IGCSE or equivalent must have grade B in mathematics and at least a credit in a science subject.

Students who do not meet these entry requirements may be considered on a case-by-case basis. Please see our entry requirement guidelines on page 41.

## Professional accreditation

Most of our courses are accredited by professional bodies within the profession itself to ensure the course meets valuable industry standards.

- British Computer Society (BCS)
- UK Association for Nutrition (AfN)
- British Psychological Society (BPS)
- General Pharmaceutical Council (GPhC), UK
- Pharmacy Board of Malaysia
- Royal Statistical Society (RSS)

## Pathways for progression

### Arts and Education

#### Primary courses for progression

Asian and International Studies (BA)  
Education (TESOL) (BA)  
Education (TESOL) (BEd)  
English Language and Literature (BA)  
English with Creative Writing (BA)  
International Communication Studies (BA)  
International Communication Studies with English Language and Literature (BA)  
International Communication Studies with Film and Television Studies (BA)  
International Relations (BA)  
International Relations with French/German/Japanese/Mandarin/Spanish (BA)

#### Alternative pathways for progression (strong level of maths required)

Applied Psychology and Management (BSc)  
Business Economics and Finance (BSc)  
Business Economics and Management (BSc)  
Finance, Accounting and Management (BSc)  
International Business Management (BSc)  
Management (BSc)  
Psychology (BSc)  
Psychology and Cognitive Neuroscience (BSc)

### Business and Management

#### Primary courses for progression

Applied Psychology and Management (BSc)  
Business Economics and Finance (BSc)  
Business Economics and Management (BSc)  
Economics (BSc)  
Economics and International Economics (BSc)  
Finance, Accounting and Management (BSc)  
International Business Management (BSc)  
Management (BSc)

#### Alternative pathways for progression

Asian and International Studies (BA)  
Education (TESOL) (BA)  
Education (TESOL) (BEd)  
International Communication Studies (BA)  
International Communication Studies with English Language and Literature (BA)  
International Communication Studies with Film and Television Studies (BA)  
International Relations (BA)  
International Relations with French/German/Japanese/Mandarin/Spanish (BA)

### Engineering

Chemical and Environmental Engineering (BEng/MEng)  
Chemical Engineering (BEng/MEng)  
Civil Engineering (BEng/MEng)  
Electrical and Electronic Engineering (BEng/MEng)  
Mathematics and Management (BSc)  
Mechanical Engineering (BEng/MEng)  
Mechatronic Engineering (BEng/MEng)

### Science

Biomedical Sciences (BSc)  
Biotechnology (BSc)  
Computer Science (BSc)  
Computer Science with Artificial Intelligence (BSc)  
Environmental Science (BSc)  
Nutrition (BSc)  
Pharmaceutical and Health Sciences (BSc)  
Pharmacy (MPharm)  
Psychology (BSc)  
Psychology and Cognitive Neuroscience (BSc)  
Software Engineering (BSc)

# Scholarships

## Full scholarships

### The Star Education Fund

The University pledges several scholarships via The Star Education Fund for foundation and undergraduate programmes of study. This scholarship is open to Malaysian students only. Refer to The Star newspaper for further details: [www.thestar.com.my](http://www.thestar.com.my)

### Sin Chew Daily Education Fund

Several full scholarships are made available every year through the Sin Chew Daily Education Fund for undergraduate programmes. This scholarship is open to Malaysian students only. Further details can be found printed in the Sin Chew Daily newspaper in February and March: [www.sinchew.com.my](http://www.sinchew.com.my)

## Partial scholarships

### High Achievers' Scholarship

This is an automatic scholarship for foundation and undergraduate programmes of study. Students who meet the criteria will automatically be awarded the scholarship, whereby they will only have to pay 75% of their tuition fees or less for the first year of study. It is open to both Malaysian and international students.

### Dean's Excellence Scholarship

The Dean's Excellence Scholarship (DES) amounts to a fee reduction of 25%. These scholarships are awarded to top achieving students, at the point of progression for each academic year, ie from:

- foundation to year one
- year one to year two
- year two to year three
- year three to year four

### Automatic scholarships

We offer several automatic scholarships for alumni of University of Nottingham, children of alumni, siblings, spouses and alumni of Universitas 21 (U21) institutions.

### Sports and Arts Scholarship

University of Nottingham Malaysia has introduced the Sports/Arts Scholarship to acknowledge students' excellence in Sports/Arts.

There are two available scholarships:

#### Sports Scholarship

Reward amateur athletes who have played/competed either at national or international level; one award a year.

#### Arts Scholarship

Reward students who have played/performed in a form of art or artistic talent either at national or international level ; one award a year.

These scholarships will be divided into two categories:

#### The National Scholarship

Awarded to students competing in national level competitions - a 50% reduction in tuition fees

#### The International Scholarship

Awarded to students representing their country - a 75% reduction in tuition fees.

All current students are eligible to apply for these scholarships. However, the scholarships may not be backdated.

\*Not applicable to BSc Computer Science with Artificial Intelligence and Master of Pharmacy (MPharm)

## Partial scholarships for Malaysian students

### Tinggi Foundation Scholarship

The University is very fortunate to have the support of Tinggi Foundation, which offers scholarships to deserving students. The scholarship is worth 50% of any undergraduate tuition fee and is open to Malaysian students pursuing courses in the following schools/departments:

#### Faculty of Arts and Social Sciences

- Business
- Economics
- Education

#### Faculty of Engineering

- Chemical and Environmental Engineering
- Civil Engineering
- Electrical and Electronic Engineering
- Mechanical, Materials and Manufacturing Engineering

#### Faculty of Science

- Computer Science
- Psychology

## Other finance options

Other finance options for undergraduate students include:

- Employees Provident Fund (EPF) withdrawal scheme for education – for Malaysian students pursuing diploma and higher level
- National Higher Education Fund (PTPTN loan) – for Malaysian students doing undergraduate courses only

Students with outstanding academic results can also seek sponsorship from other sponsoring bodies. The list of sponsoring bodies can be found at our website.

+60 3 8924 8052/8665/8063

# Accommodation

Finding the right place to live while you study is an important consideration in your choice of university. Our Accommodation Office is here to offer a free and friendly service in helping you find a place to live that not only suits your needs but lets you get on with university life – both studying and having fun.

## On-campus accommodation

We offer various room types within our 11 halls of residence, totaling over 2,400 beds, to suit your budget. They range from single en suite, twin share to four shared bedrooms. These halls are within easy walking distance to the academic buildings, sports complex, food courts and leisure facilities.

You will also have a Hall Warden or Hall Tutor who will be available to care for your safety and welfare.

### Facilities include:

- cleaning services
- communal student area (Student Village North - Radius and Nexus)
- communal student hub (Student Village North J1-J6)
- convenience store (Student Village North)
- laundry services
- mini fridge in room (Student Village North J1-J6)
- outdoor gym (Student Village North and South)
- pantry facilities
- room repair and maintenance services
- Wireless internet connection

Accommodation fees includes utilities and internet connection. The room rental will be billed on a quarterly basis.

## Air-conditioning and other costs

Students in rooms with air-conditioning will be billed on a quarterly basis based on usage from meter reading. Students may use the coin-operated launderette services at own expenses.

## Who can apply?

The University accommodation policy states that all new students and current residents are allowed to apply for on campus accommodation and stay for their entire study period.

Thereafter, on campus accommodation will be allocated to returning students based on availability of a room and by payment.

## Off-campus accommodation

Should the on-campus accommodation be unavailable, you may choose to live in off-campus accommodation in Taman Tasik Semenyih (TTS) or UniVillage. TTS is located about 2km from the campus main entrance, while UniVillage is located across the road from the main entrance. Shuttle bus services are provided between the campus and these two locations which takes 5-10 minutes.

Off-campus accommodation is privately owned and managed, and not run by the University. Please be aware that if you opt to reside in off-campus accommodation it is a private arrangement between yourself and the off-campus accommodation manager.

## Terms and conditions

You can submit your application for a room, once you have submitted your application to study with us.

You are then required to provide proof of payment of the rental fee as indicated in the official invoice to confirm your booking.

## Students with specific requirements

If you have a disability or a specific medical requirement, please indicate this in your application form and send us any necessary medical reports. These will be forwarded to our Student Wellbeing and Learning Support Office for further advice and assessment.

### Room types

Deluxe single en-suite bathroom with air-conditioning

### Rental per student

RM750 per month

Single en-suite bathroom with air-conditioning

RM680 per month

# How to apply

You can apply online via our Online Admissions Application Portal (MyNottingham). To create an application, you will need to register to create an account or log in if you have previously applied online.

 [mynottingham.nottingham.edu.my](https://mynottingham.nottingham.edu.my)

You can also download an application form from the website. Paper copies are also available. We can mail it to you or you can visit in person to collect one.

 [nottingham.edu.my/applications](https://nottingham.edu.my/applications)

We are only able to accept applications via post or through MyNottingham. If you have any queries, please contact us.

 +60 3 8924 8686

 [nottingham.edu.my/make-an-enquiry](https://nottingham.edu.my/make-an-enquiry)

## Application Fee

The University charges an application fee of RM100 for Malaysian applicants and RM200 for international applicants for all courses. This fee applies to online and paper applications.

 [nottingham.edu.my/applications](https://nottingham.edu.my/applications)

## Step 1

Apply online or complete the paper application form (details above).

### Supporting documents needed

- Official SPM/GCSE, AS level results and predicted STPM/UEC/A level grades or equivalent
- English language qualifications (if applicable)
- Copy of NRIC for Malaysian applicants
- Copy of ID page of passport for international applicants
- Course syllabus (for those applying for entry into the second year of study)

## Step 2

An acknowledgement email (with Nottingham ID) will be sent to you upon receipt of your application.

## Step 3

You application will be considered by our admissions tutors and a decision will be made within two working weeks. A confirmation email will be sent to applicants once a decision has been made. Successful applicants will receive a notification through email and will

be able to log in to MyNottingham to download the following documentation (hard copies are not provided):

- Offer Letter
- Offer pack (containing next steps, accommodation, student visa, Wellbeing and Learning Support Services and payment of tuition fees information) - link will be provided in the offer letter

Applicants and agents will be able to view the progress of applications and make payments online through MyNottingham.

## Step 4

Offer holders will be given a four-week deadline to accept offer and pay a tuition fee deposit of RM1,000 (Malaysian offer holders) or RM2,000 (International offer holders) before the lapsed date in the offer letter.

For further information on the offer acceptance and refund of tuition fee deposit, please visit our website.

 [nottingham.edu.my/study/offer-acceptance](https://nottingham.edu.my/study/offer-acceptance)

## Step 5

You will be able to apply for the on-campus accommodation and student visa after you have accepted your offer and paid the tuition fee deposit.

## Step 6

Prior to registration day, you will receive an email which contains registration information.

It is important to note that University of Nottingham Malaysia requires all offer holders to complete two different parts of the registration process - Part 1: Online Registration and Part 2: In Person Registration.

## International students

As an international student, we advise that you submit your application at least three months before your intake as your visa can take three months to process. If we receive your application after this date it will still be processed, but we cannot guarantee accommodation availability or that the visa processes will be completed in time for the last date of registration. Your application cannot be processed until all of the required forms and documents have been completed and sent in and you have paid the application fee. For further information, please contact us.

## What are we looking for?

Consideration will be given to whether applicants will be able to fulfil the objectives of their programme of study and achieve the standards required. A range of factors additional to, and in some cases instead of, formal examination of results are considered in the selection process. These can include:

- the personal statement and reference
- additional evidence of achievement, motivation and potential gathered through an interview, assessment of written materials or additional selection tests
- other factors as appropriate to the discipline, such as employment or voluntary work in relevant fields and sustained critical engagement with relevant issues

## Intake

### April

- three-semester foundation programme

### June

- three-semester foundation programme only for Foundation in Engineering

### September

- all foundation programmes
- all undergraduate programmes

 Malaysian  International  Processing

University of Nottingham Malaysia can be reached easily by train, bus, car or taxi. The University provides bus services for staff and students to/from Kajang KTM station and Terminal Bersepadu Selatan (TBS) next to Bandar Tasik Selatan LRT station.

The map illustrates the proposed North-South Expressway (NSE) route, which is highlighted in green. The NSE starts near Kajang and runs north-south, connecting to the existing North-South Expressway (NSE) and the South Klang Valley Expressway (SKVE). Key locations and roads shown include:

- North-South Expressway (NSE):** The main north-south corridor, highlighted in green.
- South Klang Valley Expressway (SKVE):** The existing expressway running east-west, highlighted in blue.
- Kajang Town:** The central location where the NSE and SKVE intersect.
- Kajang Perdana Interchange:** A proposed interchange near Kajang, highlighted in blue.
- Other roads and locations:** Petaling Jaya, Subang, Seri Kembangan, Putrajaya, Ipoh, and various expressways like the North-South Expressway (NSE), South Klang Valley Expressway (SKVE), and Kajang Ring Road (SILK).
- Universities and landmarks:** UPM, Unites, Multimedia University, and UKM are marked with green triangles.
- North Arrow:** Located in the bottom left corner, pointing North.
