Before you apply

Before you submit your application, you are required to be assigned a supervisor from the respective School/Department. Please find below the step-by-step guide for your reference.

1. You will have to discuss your proposed project with a relevant supervisor. Kindly prepare the following before submitting your enquiry to the respective School PGR Advisor. This allows them to identify a potential supervisor that coincides with your research interests
 - A research proposal explaining the research topic you are interested in working on. Refer to [compliance](#) and [checklist](#) documents.
 - A copy of your academic transcripts. Check [academic requirements](#).
 - A copy of acceptable proof of English language proficiency (if relevant)
 - Curriculum vitae (CV)/resume must include current and previous job responsibilities.
2. When the documents are ready, please send them to the Director of Research of the respective School/Department:
