Online Reading List—Talis Aspire *(For staff only)*

Online reading lists allow academics to guide students to relevant material to support their studies. We use the Talis Aspire software to manage reading lists.

This provides comprehensive reading lists with direct links to the library catalogue which has significantly improved library services to students.

NUsearch training for library users *(For staff and students)*

NUsearch is your online library discovery tool and one-stop platform to search and access the library's physical and electronic collections. NUsearch contains books, eBooks, journal articles, databases and much more.

NUsearch training (60 minutes) sessions include:

- managing your library account
- how to request for meeting room
- finding library books and eBooks
- finding eResources (including article, journal and databases)
- introducing BrowZine (a platform to access eJournals in one simple interface)
- how to access past-exam papers
- introducing the library's website and user guides

Please check the timetable below and register yourself here for Talis Aspire training and NUsearch training.
