Click on the company name’s link to access your interested content.
Our Company was incorporated in Malaysia under the Act as a private limited company on 9 April 2018 under the name Enest Group Sdn. Bhd. On 16 November 2018, we were converted into a public limited company and assumed our present name to facilitate the listing of our Group on the LEAP Market.

Our Executive Chairman and CEO had extensive experience in different segments of the bird’s nest industry value chain. Prior to the incorporation of our Group, our Executive Chairman, Tan Heng Guan, founded Sri Kendal Bird Nest Sdn. Bhd. and operated a swiftlet farming business in 2014, which accorded him with a strong background in this segment. Meanwhile, our CEO, Tan Teh Jie, was involved in the distribution of edible bird’s nest through the incorporation of Zheng Fong Equity Sdn. Bhd. in 2013 and thus, established a strong network of customers.

We secured our first international sale when we secured a contract to export edible bird’s nests to Hong Kong in April 2016.

In August 2016, Ye Lin was incorporated to facilitate our future expansion into the distribution and retail of bird’s nest products marketed under our brand name in China. As at the LTE, Ye Lin has yet to commence operations. It is expected to commence operations at end of 2019 or early 2020, as it is in the midst of applying for the Permit for the Quarantine of Entry Animals and Plants in China for importing purposes.

In March 2018, we expanded our production plant to increase production capacity to meet future demand and secured a fixed order from the Hong Kong client.
