

Shibboleth

- Shibboleth / Institutional login is an online authentication service for most of the databases and eBook collections subscribed by the University.
- In order to login successfully via Shibboleth, you must have a valid university username and password. Else, you may contact itservicedesk@nottingham.edu.my for further technical assistance on how to create one. The Library Services only provide step-by-step guidance on accessing e-resources with Shibboleth, we don't create Shibboleth account for you.
- To initiate the Shibboleth login, look for any of these on the e-resource home page:
 - Shibboleth/ Institutional login
 - UK Federation/ UK Access Management Federation login
 - Home Institution/ Your Institution/ Academic login
- Then, you must search/select our institution name from the UK-related region institution list, which will divert you to the following authentication web page:

<https://idp.nottingham.edu.my/idp/Authn/UserPassword>
